**NOTICE OF CONSIDERATION OF COVERAGE UNDER
GENERAL WASTE DISCHARGE REQUIREMENTS
ORDER NO. R1-2006-0107**

FOR

**U-Haul Facility #708057,
3601 Santa Rosa Avenue,
Santa Rosa, CA**

Sonoma County

The California Regional Water Quality Control Board (Regional Water Board), North Coast Region, proposes to extend coverage under General Waste Discharge Requirements Order No. R1-2006-0107 (Order) for the U-Haul Facility #708057, 3601 Santa Rosa Ave., Santa Rosa, California (Site). A release from underground petroleum storage tanks formerly located at the site discharged petroleum hydrocarbons and associated chemicals to the subsurface that have impacted groundwater. As part of the approved remedial action plan, the discharger proposes to install an ozone injection system to clean up petroleum hydrocarbons in the soil and groundwater at the Site. On November 29, 2006, the Regional Water Board adopted General Order No. R1-2006-0107 for the addition of chemical oxidants to soils and/or groundwater. Therefore, all sites with operating ozone injection systems must be covered under Order No. R1-2006-0107.

The discharger and/or other interested persons may call Beth Lamb at (707) 576-2669 or submit to the Regional Board office at 5550 Skylane Boulevard, Suite A, Santa Rosa, CA 95403, written comments, technical reports, testimony, and other material concerning this matter by 5:00 p.m., up to 30 days from the date of this publication.

The Order is available for review on the Regional Water Board website at: http://water100.waterboards.ca.gov/rb1/adopted_orders/. The Order, the site file, related documents, and comments received are on file and may be inspected or copied at the Regional Water Board office Mondays through Fridays from 8:00 a.m. to 5:00 p.m. Appointments are recommended for file review and can be made by calling (707) 576-2220.

Coverage under Order No. R1-2006-0107 will be extended after thirty days from the date of the publication and posting of this notice, unless the Executive Officer receives information that the project may not meet the intent of the Order.

Catherine E. Kuhlman
Executive Officer
